

Place your foot in, pull your foot out, and CleanPro® automatic shoe cover dispensers and removers do the rest. A sturdy hand rail eliminates particle shedding associated with the shuffling movements of gowning bench use. Hands-free, quick-release shoe cover dispensers and removers maintain the distance barrier between hands, shoes, walls, and the floor for easy entry and exit with minimal cross-contamination.

Automatic shoe cover dispensers allow you to load many different compatible shoe cover styles on a need-by-need basis. Convenient, pre-bundled shoe cover refill packs enable fast reloads and unlimited foot-traffic, and are available with features such as traction soles, waterproof materials, heavy-weight durability, and industrial fabrics to provide high-performing and economical options for a safe cleanroom environment.

**See how facilities are saving up to \$250 per employee each year in time and cost savings:**

Number of Employees	Hourly Cost*	Cost per Second	Application Time**	Labor Cost per Application	Pairs per Day**	Labor Cost per Day	Work Days per Year	Annual Labor Cost per Employee	Savings per Employee
Employee 1	\$15	\$0.004	30	\$0.125	4	\$0.500	260	\$130.00	<b>\$108.33</b>

\*Effective hourly cost to company (hourly rate or equivalent, including all required taxes, insurance, retirement contributions, etc.)

\*\*Application time (includes time to grab booties from storage bins, walk to the gowning area, sitting down, applying booties, and standing up)

\*\*\*Includes two morning and two afternoon applications (includes breaks)

**Please note that the annual savings does not factor in the following additional benefits that will accrue by using our time and cost-saving system:**

- Increased productivity
- Increased manufacturing speed
- Reduction in the need to hire new employees for expanded manufacturing capacity
- Reduction in potential Workmen's Compensation claims
