

# STACKABLE/GUEST SEATING PRODUCT FEATURES

healthCentric stackable and guest seating offer superior infection control features and are backed by a 10 year warranty. The IC+ PVC-free upholstered seat and under seat seal options completely seal the seat pan, including the underside of the seat, to offer a seamless and impermeable solution against liquids and pathogens.

The Upholstered Stacker is designed to provide a comfortable solution for short term waiting areas and guest seating. Made from the highest quality materials and components, upholstered stackers offer an IC+ backrest option that is completely sealed for superior infection control. healthCentric Stackers are backed by a comprehensive warranty and are GREENGUARD® certified.

## INTRODUCING A NEW KIND OF MEDICAL GRADE SEATING

healthCentric stackers are designed with the healthcare industry in mind. A highly durable and impermeable upholstery coating called IC+ is used to form a *seamless moisture-proof barrier*, including the underside of the seat pan (optional), on all healthCentric chairs.

- +Superior puncture and tear resistance
- +Non-porous
- +Guaranteed not to crack
- +PVC-free
- +Anti-slip protection
- +Superior cleanability and cleaning agent tough
- +Bed bug proof
- +10 year warranty
- +No off-gassing
- +GREENGUARD® certified when upholstered on any healthCentric chair

Proprietary to healthCentric, IC+ offers superior cleanability, standing up to all cleaning agents including Rescue, bleach, Cavicide, Wex-Cide and Virox 5. IC+ is patent pending and offers an abrasion rating of 1,000,000 double rubs.

## DURABLE & COMFORTABLE

healthCentric stackable and guest chairs are designed from top to bottom to be easily cleanable and easily sterilized. The upholstered chairs offer an IC+ backrest that is seamless and completely sealed. The seamless IC+ seat pan is completely sealed underneath. As well, seats upholstered in vinyl or other healthcare fabrics can be sealed underneath using IC+. Despite the strength of IC+ it is soft enough to be comfortable while sitting.

Easy to clean, stackable plastic seating is also available. The chairs' design includes scalloped indentations for the spine and buttocks for improved comfort.

Stacker and Pivot Back Guest chair frames are made using 14 gauge, 7/8" steel tubing, making them ideal for areas where repetitive use and cleanability is a priority. The frames modular design allows arm options to be specified without any loss of structural integrity. Arms have been tested to greater than 400 lbs of pressure which means they will never loosen in use. The kick back legs offer stability. Stackable and guest chairs are warranted up to 280 lbs.

## MODULAR CONSTRUCTION FOR EASE OF USE

The Upholstered Stacker offers multiple options to accommodate a wide range in body types and uses. Modular options include with or without arms and a sled base. healthCentric stackers are also available with or without casters.

The upholstered Pivot Back Guest chairs are available with or without arms.

The modular frame allows the back and seat to be specified in different finishes including plastic, upholstery, and IC+. Arms are available in ebony or grey. Painted or chrome frame options are also available to offer an aesthetic appeal.

Bariatric Guest chairs are available with or without arms. Three frame sizes accommodate a wide range of users.

A variety of foam options are also available for exact support and comfort.

## ABILITY TO MAXIMIZE SPACE

healthCentric stackers can be configured to maximize space within waiting areas. Stackers can be ganged with or without arms to create rows or separated to form groupings and temporary seating areas should it be required.

## BARIATRIC GUEST CHAIRS

healthCentric Upholstered Bariatric Guest chairs offers the same durability, comfort and modular design as our regular guest and stackable seating and are designed to match these chair's aesthetics to form a coherent look.

Upholstered Bariatric Guest chairs are warranted up to 750 lbs.
